

# MANUFACTURED HOMEOWNER ASSOCIATIONS

## INFORMATION KIT

Park Homeowner Associations and *Local Park Committees* are two separate and distinct entities.

A Park Homeowners Association has a broader range of purposes and can even undertake some of the same things as a Local Park Committee but cannot call itself a *Local Park Committee* unless set up and run according to the Government rules set out in the *Residential Tenancy Act Regulations*.

The *Local Park Committee* is restricted to internal Park issues specified in the Manufactured Home Park Tenancy Act while the Homeowners Association is not. The following articles will hopefully further clarify their functions.

GOOD LUCK AND REMEMBER, IN ALL MATTERS OF PARK BUSINESS, REMAIN OPEN MINDED AND DIPLOMATIC (POLITE) IN DEALINGS WITH HOMEOWNERS, LANDLORDS AND OTHER PRINCIPALS CONNECTED TO THE MANUFACTURED HOME SOCIETY AND INDUSTRY.

# **ACTIVE MANUFACTURED HOME OWNERS ASSOCIATION**

## **BACKGROUND**

This non-profit Association was formed in Victoria in 1971 to protect manufactured home owners and their unique lifestyle. Volunteers staff all positions.

Since most manufactured homes are situated on rented pads in Manufactured Home Parks, the owners are homeowner, property tax payer and renter with problems common to all these circumstances. Lifestyles in Manufactured Home Parks present a combination of those found in traditional single family detached houses, town house and condo developments. Ideally there is close harmony and friendly relations with both other tenant/owners and the Park landlord.

## **PURPOSES**

Lobby for legislative change when necessary for the protection of all manufactured home owners. Keep members abreast of changes that affect manufactured home Parks and homeowners. Assist and advise where possible in problem solving and the dispute settlement process. Maintain a communication link between the Association and all principals deemed essential to the goodwill and protection of manufactured home owners and their lifestyles. Promote and assist in the establishment of individual Park Homeowner Associations to work with the Park landlord to solve landlord/Homeowner problems. Give Park Homeowner Associations the option of becoming an extension of Active Manufactured Home Owners Association.

## **ORGANIZATION**

The annual dues are used to cover operating costs such as membership cards & decals, newsletter production & distribution, briefs to the government, stationery, postage etc.

### **PARK CONTACTS AND AREA REPRESENTATIVES**

Park Contacts and area representatives provide essential services. These volunteers deliver Newsletters & Bulletins to the members in their Park or area they wish to look after. A membership list provided with each package to be delivered. For this service, a 20 cent per house delivery is paid when invoiced by the Park Contact or area representative. In addition, the Park Contact or area representative notifies of any discrepancies, deletions or additions to the membership list that may have occurred.

Park Contacts or area representatives are not to be construed as being responsible to Park Homeowners or Park landlords in anyway, particularly in cases of complaints or disputes.

### **INDEPENDENT MANUFACTURED HOME OWNERS**

A Homeowner who does not wish to join their Park's Homeowner Association, may become and maintain membership in Active Manufactured Home Owners Association.

A Homeowner who does not wish to be a member of Active Manufactured Home Owners Association may maintain membership in their Park's Homeowner Association only.

## **GOALS & OBJECTIVES**

Active's goal is to provide a liberal and comprehensive source of support, representation, referral, inquiries and the dissemination of information pertaining to and affecting the lifestyle of all Manufactured Home Owners in the Province of British Columbia.

Continue to work with home and Park owners, other District Homeowner Associations, Dealers, Manufacturers, Developers and all levels of government including First Nations, to protect your rights and to improve the laws and conditions under which you live.

Continue working to obtain:

- Recognition of our Property Taxpayer status and our rights to the Bylaw enforcement paid for by those taxes.
- Recognition that this is permanent housing not easily or cheaply moved.
- Recognition that the land we rent is 'land rented for permanent housing'.
- Redevelopment protection and improved compensation.
- Security from eviction of our homes with the resulting loss of our home and our investment.
- Improvements to M.H. Park Tenancy Act, Regulation, Rules and Guidelines
- Improvements to Arbitration System
- Improvements to Rent Increase Regulations
- Security of tenure or long term leases.
- Standard Tenancy Agreements.
- Standard Park Rules.
- Better insurance rates.
- Regular mortgage rates
- All homes to be sold under the Real Estate Act and
- Licensing of Park Managers.

Continue to accumulate and dispense information of interest and assistance to all manufactured home owners.

## **SOME OF OUR ACHIEVEMENTS**

- NEW, plain language, Legislation and Regulations for written specifically for Renters of Manufactured Home Lots
- Changes to our new Manufactured Home Park Residential Tenancy Act.
- Assign and sublet Regulations
- Gained Intervention services by the Residential Tenancy Office staff.

- Changes to the Manufactured Home Act regarding conditions to be met before selling our homes

## **PARK HOMEOWNER ASSOCIATIONS**

The **Park Homeowner Association** belongs strictly to the Homeowners of the Park to actively promote the Homeowners' position on a variety of matters, to a variety of audiences. Homeowner Associations have the latitude to either operate independently or be recognized as an extension of a responsible District Association if they so wish. They also do not come under the jurisdiction of The *Residential Tenancy Act*, and subsequent Regulations which outline how the *Local Park Committee* shall be formed and operated.

A **Park Homeowner Association** has many benefits and advantages in that it provides:

- a) An open forum at meetings where Homeowners can discuss, without the presence of the landlord, items of concern from both inside and outside the Park that may affect Homeowners.
- b) A means through which Homeowners can receive assistance, guidance, information and representation in the dispute resolution process.
- c) The opportunity to establish a harmonious atmosphere in the Park.
- d) The option of organizing social functions.
- e) The ability to represent Homeowners opinions on Municipal or Regional matters.
- f) Can work with the Landlord to resolve items of concern in the Park by inviting the Landlord to participate in meetings of the Executive Council when items are on the agenda that require the assistance of the Landlord for successful resolution. Or the Landlord can request a meeting with the Executive Council to discuss and resolve Park matters.
- g) Can act as a vehicle for the formation of a Local Park Committee under the guidelines of the *Residential Tenancy Act Regulations*.
- h) Executive officers can serve on a *Local Park Committee*, if elected to that position, by the Park residents following rules set out under the *Residential Tenancy Act Regulations*.

## **LOCAL PARK COMMITTEE**

The ***Local Park Committee*** is optional and can only be formed with the mutual consent and active participation of both the Park Homeowners and the landlord. The *Local Park Committee* is neither political nor social in nature. It is a group formed and governed in accordance with the *Residential Tenancy Act and Regulations*. *Local Park Committees* are often instituted and operated under the park owner's control. Without the park owner's active participation, there can be no *Local Park Committee*.

We strongly urge Homeowners to consider the formation of a **Park Homeowner Association** instead of a *Local Park Committee*.

## **HOW TO FORM A PARK HOMEOWNER ASSOCIATION**

In order to form a Park Homeowner Association, a few homeowners in a Park need to take the initiative by first organizing an information meeting. There is no need to have the park owner or manager present at the formation of the Association as this is not a *Local Park Committee*.

Should you need assistance or wish to have someone from the "Active Manufactured Home Owners Association" attend your initial meeting, we will arrange to attend and assist as requested.

### **METHOD**

1. Arrange for a suitable location to have meeting.
2. Distribute a "Notice of Meeting" to every household in the Park.
3. If the meeting was successful and the Homeowners present indicated their desire to form a *Park Homeowner Association*, including the election of an Interim Executive Council you should then:
4. Distribute "Results of Information Meeting" or something similar to all Homeowners in the Park.
5. Circulate a basic set of policy, guidelines and by-laws for the **Park Homeowner Association** to operate under. We have included in this package, a draft set your members can modify or adopt as is.
6. Initiate a Park Homeowner Association Newsletter for the dissemination of news items and pertinent information. Your Executive Council and the availability of funds should determine the frequency.

Once the above formalities have been successfully completed, we suggest you advise the landlord in writing of:

- The formation of **Park Homeowner Association**.
- The names and positions of the Executive Council officers.
- Your desire to establish a friendly and co-operative working relationship for the benefit of both Park Homeowner and landlord.
- Include an invitation to meet with the Executive Council to openly discuss your policies and guidelines.

## **SUGGESTED OBJECTIVE, POLICIES AND GUIDELINES**

1 .NAME OF ASSOCIATION: \_\_\_\_\_

2. **OBJECTIVES:** To provide a harmonious forum whereby common interests and problems may be shared and dealt with in a rational and satisfactory manner, and to provide a channel of communication between homeowners and landlords, (including Native Landlords where appropriate) and other principals associated with the care and welfare of this Park.

### **3. POLICY A:**

To investigate matters of concern when requested in writing (provided previous action to resolve the situation has been taken by the complainant and has failed)

#### **GUIDELINES FOR POLICY A**

- a) Association Executive Council Officers are to refrain from accepting complaints or recommendations directed to the Executive as a whole, unless in writing and duly signed. Further, the originator has provided what action has been taken to correct the anomaly.
- b) Before any action is taken following the receipt of a written complaint or recommendation, the Association Executive Council is to ensure they have all the facts before seeking a resolve of the situation with the Park landlord either directly or indirectly where *Local Park Committees* are in place.
- c) Further to paragraph (b) above, the Association Executive Council will assess the subject matter and inform the originator in writing of what action, if any, will be taken, keeping in mind that frivolous or vexatious complaints will not be entertained.
- d) All correspondence between outside agencies, home and Park landlord and other principals is to be in writing as will be expected of reciprocal responses.
- e) Individual Park Homeowners should pay all direct costs associated with resolving their particular case. Homeowner Association funds should be used to compensate volunteer assistants for out of pocket expenses while helping a member. Non members should be assessed for all expenses including amounts needed to compensate volunteer assistants.

### **4. POLICY B:**

To establish lines of communication between home owners, landlords (including Native Landlords where appropriate), appropriate District Manufactured Home Owner Association and any other principal deemed essential to the goodwill of all residents within the Park.

#### **GUIDELINES FOR POLICY B**

- a) The Association Executive Council will establish and maintain lines of communication as soon as possible with all principals where required and as outlined under Policy B.
- b) All correspondence must have the sanction of the Association Executive Council and is to be duly signed by either the Chair or Secretary.
- c) Impending action by the Council is to receive approval from 51% of all residents through the medium of a General Meeting or referendum where the subject matter directly effects residents of the Park as a whole.

### **5. POLICY C:**

To provide ongoing information and items of interest to all Park residents as required.

**GUIDELINES FOR POLICY C**

- a) The establishment of a Park Newsletter provided funds are available. If a Newsletter is not practical, to provide information on a need to know basis.
- b) Disseminate District Association literature and Newsletters to members within the Park regardless of whether or not the Park Homeowner Association is an Extension of the District Association.

**6. POLICY D:**

To assist in the formation of a Local Park Committee in accordance with the rules for organization as set out in the Residential Tenancy Act.

**GUIDELINES FOR POLICY D**

- a) Prepare a referendum to all Homeowners recommending the formation of a Local Park Committee and solicit a mandate by a majority vote for the Association Executive Council to assist with the formation of a Local Park Committee.
- b) Should the Homeowners indicate their desire to form a Local Park Committee and provide the Association Executive Council a majority mandate to assist with formation of a Local Park Committee, advise the landlord of the Homeowners decision and suggest that with his or her co-operation, the Association Executive Council would be pleased to call a General Meeting for the express purpose of having both Homeowners and landlord in attendance to consider the formation of a Local Park Committee in accordance with the *Residential Tenancy Act Regulations*.

NOTE: Keep in mind the Homeowners have the right to choose by popular vote (secret ballot) as to who they want to represent them on the Local Park Committee, however, they would probably be best served if they were to utilize 2 to 5 members from the approved (elected) Park Homeowners Association Executive Council.

### **SUGGESTIONS FOR CHAIR**

Prepare an Agenda distribute to Executive/directors in advance of Meeting date.

Call Meeting to order on time.

Unless time permits, impose a time restriction on debates or individual reports.

When a member rises on a point of order or privilege, ensure they are recognized immediately (all proceeding stop until these are dealt with).

To control superfluous discussion or debate, it may become necessary to call for a motion to be made and seconded before any further discussion or debate is entertained.

Try and control interruptions from other members when a member has the floor (one person speaking at a time).

## **MOTIONS - Things to remember:**

1. Motions provide for an orderly process on issues requiring a consensus.
2. Motions require a mover and a seconder before they are valid or can be discussed/defeated.
3. Once a motion has been duly moved and seconded, a reasonable time period should be allowed for discussion/debate, however, if a member calls for "**The Question**", further debate ceases and a vote on the motion is called for by the Chair.
4. A motion to amend the Main Motion must also be seconded and must be dealt with before calling for a vote on the Main Motion. If several Motions "to amend" are made, they must be dealt with in order of presentation.
5. If a Motion(s) to "amend" is passed, the Main Motion is then amended accordingly, and the Chair calls for the vote on the Motion as amended.
6. Keep in mind, a Motion duly moved and seconded must be dealt with before a further Motion is introduced (unless it is a Motion to Amend the Main Motion and the Procedure outlined in 4 and 5 above has been followed).

After a Motion has been made - the Chair states,

"It has been moved by \_\_\_ and seconded by \_\_\_\_\_ to (read motion).

"Is there any discussion on the Motion." -

if no discussion - CALL FOR THE QUESTION

"Those in favour" - raise hands. (count)

"Those opposed" - raise hands. (Count)

"The Motion has 'passedYbeen defeated'."

Keep in mind, if a Motion to amend the Main Motion has been duly made the "Amendment must be dealt with first (see Paragraph 4 and 5 above.

If a Motion is required, to ratify an action taken, ask if anyone will make a Motion on the item. Deal with Motions as outlined above. Motions are desirable for authorizing expenditures, writing letters and any item of a controversial nature.

### **SUGGESTIONS FOR SECRETARY:**
